

WAYZATA SAILING ADAPTIVE

Wayzata Sailing Adaptive Sailing Program

We invite you to enjoy the magical feeling of sailing. The very nature and focus of sailing helps you to escape day-to-day concerns.

One of the hallmarks of the Adaptive Sailing Program is that we try to fit the needs of our clients. Some of you come to us wanting to experience sailing for the first time. Others of you have done sailing before and want to learn more. Still others just want to go sailing.

At present we do not have a fixed schedule. We will try to meet your needs and time requirements to the best of our ability.

Our offerings fall into four categories.

- The Introduction involves an application and evaluative class designed to understand your abilities and your knowledge of sailing. There is also a sailing experience to observe you on the water. You must participate in Introduction to participate in classes.
- Once we have established your sailing knowledge and abilities, we will make recommendations as to the classes you should be taking. Packages are offered to give continuity to the instruction.
- For people who have developed considerable sailing skill we offer cruising or racing opportunities.
- Alternatively, you may want to take a private lesson.
- We also offer sailing experiences to groups of people who are interested in finding out what sailing is like.

You can find an application or more information at <https://wayzatasailing.org/programs/outreach-adaptive/adaptive/>.

Adaptive Sailing Program Course Offerings

Introduction

Introductory Evaluation Class 1 – 2-hour session

This is an opportunity for us to meet you and understand your abilities. There will be a written application, an interview and some physical tests. It will allow us to plan how to get you into and out of the boat and which specific adaptive equipment to fit the boat up for you.

Prerequisite – Written application and interview

Initial Sailing Experience 1 – 2-hour session

We will take you sailing with the boat fitted up based upon the evaluation. We will observe your physical ability and your sailing knowledge level. We will make recommendations for your next steps.

Prerequisite – Introductory Evaluation Class

Learn to Sail Packages

An opportunity for an organized group such as a camp or a class to learn the joy of sailing. We will provide a number of boats and volunteers to take members of your group out. We find that just one time sailing excites many people to want to come back for more. Truly a program enrichment activity.

Prerequisite – Application describing abilities and recommendation from organization representative

This can be offered at no cost to qualified 501(c)(3) charitable organizations.

Please inquire.

Contact us at ernest@wayzatasailing.org to arrange for an application and classes. You may also find information at <https://wayzatasailing.org/programs/outreach-adaptive/adaptive/>. We will arrange a schedule to fit your needs.

Adaptive Sailing Fees - 2021

Sailing 102	4 x 2-hour sessions	\$125 per student
Sailing 201	4 x 2-hour sessions	\$125 per student
Cruising and Racing		
Cruising	4 x 2-hour sessions	\$125 per student Add \$75 for caregiver
	Single session	\$45 per student
Learn to Race	6 x 2-hour sessions	\$200 per student
Racing	6 races	\$200 per student
Other Offerings		
Private Lesson	A 2-hour session	\$100 for individual student on boat \$150 for individual student with a caregiver
Group Sailing Experience	Up to 2-hour session	Please contact us especially if you are a 501(c)(3) organization as we may be able to give sailing at no cost.

Scholarships are available toward any of the offerings. The nature of the schedule makes it impractical to process all scholarship requests at once so money may run out later in the season. It would help if you could request a partial scholarship.

Veterans – Disabled American Veterans has given us a grant so we can give FREE sailing to any disabled veteran with a service-related injury.
